**Subject:** Request for Review and Charging Decision – Online Threats and Harassment

Dear Prosecuting Attorney Brad Hughes,

I am writing to formally request that your office review evidence and consider filing criminal charges against Jeremy and Melissa Dougty for repeated online and offline threats and harassment.

These individuals have engaged in ongoing threatening electronic communications that have caused fear and emotional distress. These actions appear to violate Missouri law, including but not limited to:

**RSMo § 565.090 – Harassment**

**RSMo § 565.225 – Stalking**

**RSMo § 574.115 – Making a Terroristic Threat**

The threats were made via Facebook, text message, email, etc., and include statements suggesting harm and intimidation. I have preserved and can provide screenshots, URLs, timestamps, and identifying information upon request.

Given the continued nature of these threats, I respectfully request your office to review, and if appropriate, move forward with criminal action.

Thank you for your time and consideration.

Respectfully,

Dallas & Anita Williams
